Financing for Small Business to Middle Market Companies

Flexible business lines of credit and invoice factoring

Invoice Factoring

A non-debt and non-equity working capital solution for small business owners with no minimums, no reserve, no contract term and no paperwork.

Line of Credit

A flexible line of credit with no covenants, no minimums, no maintenance fees and no pre-pay penalties.

BlueVine is one of the only receivables finance companies that will issue a credit facility subordinate to a traditional bank loan or SBA financing and our Line of Credit product can be combined with our Invoice Factoring product for a comprehensive working capital solution. The process is entirely online and funds can be available in less than a day.
